

Table of Contents

Matter and Energy	x–xi
4.5A	1–40
1. Compare and Contrast	
2. Double Pan vs. Triple Beam	
3. Triple Beam Balance	
4. Basic Volume	
5. Tricky Volume	
6. States of Matter	
7. Particle States	
8. Temperature	
9. Magnetism	
10. Sinking or Floating	
4.5B	21–30
11. Similar Settings	
12. Decreasing Degrees	
13. Sweating Glass	
14. Slipping and Sliding	
15. Cooking Changes	
4.5C	31–40
16. Mixtures and Solutions	
17. Two Groups	
18. Brainstorming	
19. Choosing Ingredients	
20. Defining Debate	

*Supporting Standard

Table of Contents

Force, Motion, and Energy	41–80
4.6A	41–50
21. Energy Forms	
22. Lamp vs. Robin	
23. High Five	
24. Exploring Energy	
25. Energy Associations	
4.6B	51–60
26. Conductors and Insulators	
27. Naming Groups	
28. Divide by Two	
29. Either or Both	
30. Graphing Clues	
4.6C	61–70
31. Odd One Out	
32. Draw a Circuit	
33. Closed Circuits	
34. Magnetic Electricity	
35. Magnetic Differences	
4.6D	71–80
36. Forceful Designs	
37. Trial and Error	
38. Magnetic Force	
39. Using a Spring Scale	
40. Force of Friction	

*Supporting Standard

Table of Contents

Earth and Space	81–140
4.7A*	81–90
41. Soil Support	
42. Soil Comparison	
43. Water Retention	
44. Soil Layers	
45. Plant Growth	
4.7B	91–100
46. WED	
47. Cracking Ice	
48. Rock Arch	
49. Oxbow Lake	
50. Why are Oceans Salty?	
4.7C*	101–110
51. Resources	
52. Renewable Resources	
53. Conservation	
54. Which One Does Not Belong?	
55. Renewable and Nonrenewable Resources	
4.8A*	111–120
56. Weather Map	
57. Warm Wishes	
58. Cold in California?	
59. Predicting Weather Patterns	
60. Graphing Rainfall	
4.8B*	121–130
61. Water Cycle	
62. Water Cycle Recipe	
63. Not Like the Others	
64. Water Cycle Cause	
65. Illustrating the Water Cycle	
4.8C*	131–140
66. Moon Phases	
67. Seasons	
68. Tides	
69. Knowledge about Tides	
70. Shadows

Table of Contents

Organisms and Environments.....	141–200
4.9A.....	151–152
71. Consumers and Producers	
72. Parts to a Whole	
73. Consumer Types and Producers	
74. Need Energy?	
75. Gardening Advice	
76. Interdependence	
4.9B.....	153–164
77. Food Web	
78. Arrows	
79. Where Does the Energy Go?	
80. Wildfire	
81. Population Decline	
82. Oil Spill	
4.10A.....	165–176
83. Roots	
84. Leaf Types	
85. Thorns	
86. Animal Adaptation	
87. Gills or Flippers	
88. Peekaboo	
4.10B.....	177–188
89. Inherited Traits and Learned Behaviors	
90. Which Is Which?	
91. Taught and Learned	
92. Predicting Offspring	
93. This or That?	
94. Horses	
4.10C.....	189–200
95. Butterfly Life Cycle	
96. One vs. Another	
97. Pinto Bean Life Cycle	
98. Four Stages	
99. Frog Life Cycle	
100. Life Stages
