Challenges

Before You Begin	22-23
-------------------------------	-------

Challenge Components Overview	24-25
--	-------

Challenge 1: Optimizing Automobiles	27-38
--	-------

Design Challenge Card	39
-----------------------------	----

Career Profile	41
----------------------	----

Challenge 2: Living on the Edge: Man vs Fire	43-52
---	-------

Design Challenge Card	53
-----------------------------	----

Career Profile	55
----------------------	----

Challenge 3: Greener Cleaner	57-69
---	-------

Design Challenge Card	71
-----------------------------	----

Career Profile	73
----------------------	----

Product Performance Rubric	75
----------------------------------	----

Product Score Sheet	75
---------------------------	----

Challenge 4: There Is an App for Class	77-89
---	-------

Design Challenge Card	91
-----------------------------	----

Career Profile	93
----------------------	----

App Specification Sheet	95-101
-------------------------------	--------

Challenge 5: Tapping Into Clean Water for All	103-114
--	---------

Design Challenge Card	115
-----------------------------	-----

Career Profile	117
----------------------	-----

Materials and Price List	119
--------------------------------	-----

Challenge 6: Reducing Our Carbon Footprint	121-132
---	---------

Design Challenge Card	133
-----------------------------	-----

Career Profile	135
----------------------	-----

Carbon Dioxide Emission Comparison Chart	137
--	-----

Table of Contents

Challenges

Challenge 7: Reducing Human Impact on Biogeochemical Cycles	139–150
Design Challenge Card	151
Career Profile	153
Challenge 8: Play Smart. Play Safe. Protecting Players	155–166
Design Challenge Card	167
Career Profile	169
Challenge 9: Biomimicry	171–183
Design Challenge Card	185
Career Profile	187
Problem Planner	189–191
Challenge 10: Equitable Access to Safe Food	193–205
Design Challenge Card	207
Career Profile	209
Team Budget and Materials Price List	211
Challenge 11: Let’s Make Life Better	213–224
Design Challenge Card	225
Career Profile	227
Challenge 12: Airdrop	229–241
Design Challenge Card	243
Career Profile	245
Materials and Price List	247

Table of Contents

Appendix

STEM Fluency Skills	249
Create a Culture of Critical Thinkers.....	249
Encourage Creative Problem Solving.....	250
Build Collaborative Classrooms.....	251
Encourage Student Communication.....	252-253
Building Consensus	254
Engineering Design Notebooks	255
Student Roles for STEM Challenges	256-257
ASK: Design Challenge Think Pad	259
IMAGINE: Window Panes	261
PLAN: Decision-Making Matrix	263-267
Rubrics	268
COMMUNICATE: Peer Review Rubric.....	269-273
Challenge Rubric.....	275
Self-Reflection Rubric.....	277
Team Budget Page	279
STEM Classroom	281
Writing a STEM Challenge	282-283
EDP At-A-Glance	284-285
Recycling Posters	287-291
